Before a Foundation Permit or portion thereof can be issued the following is required:

1. Approval from the agencies circled below.
2. Execute the agreement form at the bottom of this sheet
3. Pay permit fee in the amount of \$_____
4. Foundation plans to be signed by structural engineer, soils engineer and architect.

PLAN APPROVALS REQUIRED:

1. Planning Department
2. Engineering Department
3. Fire Department

REMARKS: Shoring, excavation and/or grading permits must be obtained first from the Building and Safety Division prior to issuance of Foundation Only Permit.

The permit for construction of _____ as shown on the accompanying plans for the above building or structure is issued to the undersigned owner and contractor/architect/engineer with the understanding that they assume all responsibility for the construction and that the plans are neither checked nor approved as to construction nor as to the loads presumed to be carried on same as to super-structure to be erected thereon.

Before the foundation or portion thereof is used, or a permit issued for the construction of any structure to be supported thereon, the same must be made to conform in every manner with the then existing ordinance or law governing the construction of foundations for buildings.
