04/02/2012

FOR IMMEDIATE RELEASE

**Subject :** Redondo Beach to take part in The National Prescription Drug Take-Back campaign on Saturday, April 28, 2012.

**Contact :** For additional information contact Officer Don Martinez at (310) 379-2477 ext. 2565

The City of Redondo Beach will take part in the DEA organized National Prescription Drug Take-Back campaign on Saturday, April 28, 2012. The DEA is coordinating the nationwide campaign which is a collaborative effort with state and local law enforcement agencies to collect potentially dangerous controlled substances from medicine cabinets in all fifty states.

Redondo Beach will have two drop off sites. Site #1 will be at 320 Knob Hill and Site #2 will be at 1922 Artesia Blvd. Both sites will operate from 10:00 a.m. until 2:00 p.m. During this time, unused, unwanted, or expired prescription drugs will be accepted. This program is free and anonymous, no questions asked. Both prescription and over the counter drugs will be accepted and the substances do not need to be in their original container. No intra-venous solutions, injectables, or needles will be accepted. Illicit substances such as methamphetamine, cocaine, and marijuana, are not part of this program and will not be accepted.

Prescription drug abuse in the United States is increasing at an alarming rate along with the rate of accidental poisonings and overdoses due to these drugs. Many of the unused or expired prescription medications that are kept in the home are highly susceptible to misuse and abuse. Many abused prescription drugs are obtained from family and friends, including the home medicine cabinet. This program provides a proper, safe, anonymous and easy way to dispose of these potentially harmful substances.

For questions concerning the Redondo Beach event, contact Officer Don Martinez of the Community Services Unit at (310)379-2477 Ext. 2565. Collection sites in every local community can be found by going to [www.dea.gov](http://www.dea.gov).

This Press Release was completed by Sgt. Shawn Freeman, Press Information Officer.
