**ORDINANCE NO. 0-3165-16  
AN INTERIM URGENCY ORDINANCE OF THE CITY COUNCIL OF THE CITY OF REDONDO BEACH, CALIFORNIA, ENACTED PURSUANT TO CALIFORNIA GOVERNMENT CODE SECTION 65858 ESTABLISHING A TEMPORARY MORATORIUM ON MARIJUANA USES PENDING THE ENACTMENT OF AN UPDATE TO THE CITY'S MUNICIPAL CODE**

WHEREAS, the City of Redondo Beach, California (the "City") is a Chartered Municipal corporation; and  
WHEREAS, California Government Code section 65900 et seq. authorizes the adoption and administration of zoning laws, ordinances, rules and regulations by cities as a means of implementing the General Plan; and

WHEREAS, the City currently disallows the cultivation, delivery and sale of medical marijuana in the City pursuant to Redondo Beach Municipal Code Sections 10-2.1626 and 10-5.1626; and

WHEREAS, the City desires to continue to ban all marijuana dispensaries, cultivation, and delivery service land uses as well as restricting personal use of marijuana within City Limits to the extent allowed by California law; and

WHEREAS, on June 28, 2016, the Secretary of State certified Proposition 64, the Control, Regulate, and Tax Adult Use of Marijuana Act ("AUMA"), for November 8, 2016 ballot; and

WHEREAS, the AUMA will become law if a majority of the electorate votes "Yes" on the proposition; and

WHEREAS, the AUMA would regulate, among other items, the use of marijuana for personal and commercial purposes, including the recreational use of marijuana by adults over 21 years of age; and

WHEREAS, to regulate personal use of marijuana the AUMA would add Section 11362.1 to the Health and Safety Code, which makes it "lawful under state and local law" for persons 21 years of age or older to "possess, process, transport, purchase, obtain, or give away to persons 21 years of age or older without any compensation whatsoever" up to 28.5 grams of marijuana in the form of concentrated cannabis contained in marijuana products; and

WHEREAS, the AUMA would make it lawful for those individuals to "possess, plant, cultivate, harvest, dry, or process not more than six living marijuana plants and possess the marijuana produced by the plants; and

WHEREAS, marijuana plants, as they begin to flower and for a period of two (2) months or more, produce a strong odor, which can be detectable far beyond property boundaries if grown outdoors; and

WHEREAS, the AUMA would make it lawful for those individuals to smoke or ingest marijuana or marijuana products other than in public places, vehicles, within 1000 feet of schools day care centers or youth centers while children are present, or anywhere that the smoking of tobacco products is already prohibited; and

WHEREAS, should the AUMA pass, many of its provisions would take effect on November 9, 2016; and

WHEREAS, to regulate commercial use of marijuana, the AUMA would add Division 10 (Marijuana) to the Business & Professions Code, which grants state agencies "the exclusive authority to create, issue, renew, discipline, suspend, or revoke" licenses for businesses including the transportation, storage, distribution, sale, cultivation, manufacturing, and testing of marijuana; and

WHEREAS, the AUMA provides that the above state agencies shall promulgate rules and regulations and shall begin issuing licenses under Division 10 by January 1, 2018; and

WHEREAS, the AUMA states that a local jurisdiction shall not prevent transportation of marijuana or marijuana products on public roads by a licensee transporting marijuana or marijuana products in compliance with Division 10; and

WHEREAS, the AUMA would authorize cities to "reasonably regulate" without completely prohibiting cultivation of marijuana inside a private residence or inside an "accessory structure to a private residence located upon the grounds of a private residence that is fully enclosed and secure"; and

WHEREAS, the AUMA would authorize cities to completely prohibit outdoor cultivation on the grounds of a private residence, up to and until a "determination by the California Attorney General that nonmedical use of marijuana is lawful in the State of California under federal law"; and

WHEREAS, the AUMA would authorize cities to completely prohibit the establishment or operation of any marijuana business licensed under Division 10 within its jurisdiction, including marijuana dispensaries, marijuana retailers, and marijuana delivery services; and

WHEREAS, absent appropriate local regulation authorized by the AUMA, the state shall become the sole authority for regulation of personal use as well as commercial activities undertaken in conformance with the AUMA; and

WHEREAS, the "Medical Marijuana Regulation and Safety Act" ("MIRSA") which took effect January 1, 2016, regulates use of marijuana for medical purposes; and

WHEREAS, the MIRSA contains a provision which provides that the State shall become the sole authority for regulation under certain parts of the Act unless local governments pass their own regulations; and

WHEREAS, in May 2013, the California Supreme Court held in City of Riverside v. Inland Empire Patients Health and Wellness Center, Inc., 56 Cal. 4th 729 (2013) that cities have the authority to regulate or ban outright medical marijuana land uses; and

WHEREAS, the California Attorney General's August 2008 Guidelines for the Security and Non-Diversion of Marijuana Grown for Medical Use recognizes that the cultivation or other concentration of marijuana in any location or premises without adequate security increases the risk that nearby homes or businesses may be negatively impacted by nuisance activity such as loitering or crime; and

WHEREAS, under the Federal Controlled Substances Act, the use, possession, and cultivation of marijuana are unlawful and subject to federal prosecution without regard to state permissions such as the AUMA or a claimed medical need pursuant to the MIRSA; and

WHEREAS, the indoor cultivation of marijuana has potential adverse effects to the health and safety of the occupants; including structural damage to the building due to increased moisture and excessive mold growth which can occur and can pose a risk of fire and electrocution; additionally, the use of pesticides and fertilizers can lead to chemical contamination within the structure. Such indoor

cultivation can further create an attractive nuisance, alerting persons to the location of the valuable plants, and creating a risk of burglary, robbery or armed robbery; and

WHEREAS, based on the experiences of other cities, these negative effects on the public, health, safety, and welfare are likely to occur, and continue to occur, in the City due to the establishment and operation of marijuana cultivation, processing, and distribution uses; and

WHEREAS, based on the findings above, the potential establishment of marijuana cultivation and other uses in the City without regulation poses a current and immediate threat to the public health, safety, and welfare in the City due to the negative land use and other impacts of such uses as described above; and

WHEREAS, the issuance or approval of business licenses, subdivisions, use permits, variances, building permits, or any other applicable entitlement for marijuana dispensaries, cultivation, manufacturers and delivery will result in the aforementioned threat to public health, safety, or welfare; and

WHEREAS, it is in the interest of the City, its residents, and its lawfully permitted businesses that City staff undertake a study to consider to consider zoning, zoning ordinance amendments, and/or other measures to regulate personal and delivery marijuana uses in the City; and

WHEREAS, the City's Municipal Code does not currently address some of the uses that would become legal if the AUMA is voted into law; and

WHEREAS, California Government Code Section 65858 expressly authorizes the City Council to adopt by four-fifths (4/5) vote, without following the procedures otherwise required for the adoption of a zoning ordinance, an urgency ordinance which is necessary for the immediate protection of the public health, safety, and welfare; and

WHEREAS, it is the present intention of the City Council to keep this Interim Urgency Ordinance in effect until the adoption of an ordinance establishing regulations regarding the personal use, cultivation possession, processing, transport, purchase, use and delivery of marijuana in the City.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF REDONDO BEACH, CALIFORNIA, DOES HEREBY ORDAIN AS FOLLOWS:

SECTION 1. The City Council of the City of Redondo Beach hereby finds and determines that all of the above Recitals are true and correct and incorporates such Recitals into this Ordinance as if fully set forth herein.

SECTION 2. Findings.  
The City Council hereby finds, determines and declares that this Urgency Ordinance adopted pursuant to California Government Code Section 65858 is for the immediate preservation of public peace, health and safety is necessary because:

A. Certain provisions of the AUMA become effective November 9, 2016, and contain provisions which allow for local governments to reasonably regulate or ban certain activities thereunder.

B. To allow time for the City to consider, study, and enact regulations or a ban for various marijuana cultivation, processing, distribution and other uses, it is necessary to temporarily suspend the establishment of any uses or the approval of any and all use permits, variances, building permits, or any other entitlement or permit authorizing the establishment of marijuana cultivation uses, and marijuana processing uses, as such uses may be in conflict with the development standards and implementation regulations that the City will ultimately impose after the City has considered and studied this issue, which shall be accomplished within a reasonable time.

C. A moratorium will provide the City with time to study marijuana cultivation uses, marijuana processing uses, and marijuana dispensaries and potential impacts such land uses may have on the public health, safety, and welfare.

D. Without the imposition of a temporary moratorium on the establishment of marijuana cultivation, the City anticipates that one (1) or more marijuana cultivation uses may locate in the City before a non-urgency ordinance would become effective, and that such uses may pose serious risks to the public health, safety, and welfare.

E. There is a current and immediate threat to the public health, safety, and welfare of the City and its community, thereby necessitating the immediate enactment of this moratorium as an urgency ordinance in order to ensure that permits for such facilities and uses are established only under adequate regulations. Imposition of a moratorium will allow the City sufficient time to conclude the preparation and enactment of a comprehensive ordinance for the regulation of these uses.

SECTION 3. URGENT NEED  
Based on the foregoing recitals and findings, all which are deemed true and correct, this Interim Urgency Ordinance is needed for the immediate preservation of the public health, safety, and welfare. This Interim Urgency Ordinance shall take effect immediately upon adoption and shall be of no further force and effect forty-five (45) days following the date of its adoption unless extended in accordance with the provisions set forth in Government Code Section 65858.
